

HOUSEHOLD HAZARDOUS WASTE BOX

This container has been designed for the source separation of hazardous household waste, which can then be picked up from the kerbside or taken to a collection point.

It is fitted with a child-proof four-fingered lid lock and a galvanised steel carry handle with a plastic hand grip for easy transportation. There is also an optional two litre inner caddy for the collection of batteries and medicines.

The Household Hazardous Waste Box has large surfaces for the printing of graphics or application of labels. There is also an area for affixing bar-code labels allowing for tracking and monitoring.

Capacity (litres)	Width (mm)	Depth (mm)	Height (mm)
