secure containers

by STRAIGHT®

Wheeled container featuring lock and confidential paper slot.

The Secure Wheeled Bin is fitted with a narrow paper slot and choice of confidential lock providing a highly functional, reliable and easy-to-use solution.

Available in a range of colours with optional mould-in-relief graphics or hot foil stamp printing, the Secure Wheeled Bin can be tailored to meet individual requirements. Identification and registration of data is possible through special chips placed under the comb bar.

Compatible with all standard lifting equipment.

Narrow paper slot

prevents unauthorised access to confidential documents.

Easy-fit chip nest

located under the comb bar.

Reinforced comb edge

compatible with standard lifting equipment.

Variety of locks available

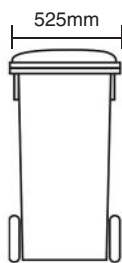

including barrel key lock and triangular key lock.

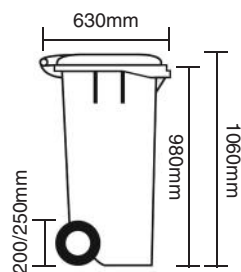

Large print area.

Available in a wide range of sizes from 120 up to 1100 litres. 190 litre Secure Wheeled Bin shown above and left.
