

Straight Manufacturing Ltd Quality Policy

Straight Manufacturing Ltd is a manufacturer and supplier of proprietary and bought-in recycling and waste management products such as waterbutts, kerbside boxes and Jerry cans through blow moulding and injection moulding within the waste, garden and packaging sectors to the retail and trade markets.

Straight Manufacturing has a history of producing high quality, technically challenging plastic injection mouldings and has grown to become one of the UK's leading injection and blow moulders

Straight Manufacturing Ltd constantly strives for the complete and ongoing satisfaction of its customers and also seeks to satisfy the needs of product, statutory and regulatory requirements.

Straight Manufacturing Ltd views Quality as an essential company framework to gain competitive advantage as well as reinforcing and enhancing the company's reputation and image. In order to achieve this we are committed to meeting the stated company objectives and all of the requirements of the internationally recognised EN ISO 9001 Quality Standard.

Straight Manufacturing Ltd is committed to a continual improvement of the quality management system and will set quality objectives in line with the ISO 9001:2015 standard

Everyone within Straight Manufacturing Ltd is responsible for the quality of their own work and the policies and procedures necessary to achieve the required standard are described in our Quality Management System.
